ANANYA TIMSINA

COMPUTER ENGINEER

EDUCATION

Advanced College of Engineering and Management, Kathmandu, Nepal
Nov 2019 - Present
Bachelor of Computer Engineering (Ongoing)

Nightingale College
Aug 2017 - Aug 2019
High School

ACCOMPLISHMENTS

"FOODOTO: THE FOOD RECOGNIZER" - Minor Project

- Developed a food recognizing app for identifying and classifying 11 different types of vegetables and fruits.
- Applied CNN image recognition technology using Python programming language for fruit and vegetable identification.
- Played a major role in project planning, programming for app development, and project documentation.
- Successfully implemented the app to recognize and classify vegetables and fruits, providing information about their calorie content.

SKILLS

- Programming Languages: C, C++, Python
- Software Testing and Debugging
- Relational Databases (SQL, MySQL)
- MS Office Suite (Word, Excel, PowerPoint)
- Programming Documentation
- Web Development: HTML, CSS, JavaScript (basic knowledge)
